Our school strategies are on track to meet or exceed our targets

During 2015, we have focused on maximising the benefits of this funding for our students. After reviewing our Great Results Guarantee agreement, it is clear that we are on track to meet or exceed our targeted student outcomes. We will continue to implement our strategies to ensure that every student succeeds.

Strategies implemented include:

- Individual support daily through literacy and numeracy blocks for identified students.
- Regular data collection, case meetings and reporting for these students with all stakeholders.
- We will use a continuous process in reading and numeracy to assess students’ current performance; teach to the needs of students and re-assess students to monitor improvement.
- Conduct data conversations every 3-5 weeks (depending on the assessment cycle) with Principal, HoC, Intervention teacher, class teacher and teacher aides.
- Utilise mastery programs across the school to consolidated and differentiate for students and create a culture of improvement.
